NOTICE OF ACTION TAKEN

DOCKET OST-98-4705

CORRECTED COPY

This serves as interim notice to the public of the action described below, taken orally by the Department official indicated; the confirming order or other decision document will be issued as soon as possible.

Applicant: Heavylift-VolgaDnepr Ltd.

Date Filed: November 4, 1998

Relief requested: Exemption pursuant to 49 U.S.C. section 40109(g) to permit it to operate one one-way emergency cabotage cargo charter flight between Wichita, KN, and Boeing Field, Seattle, WA, on or about November 5, 1998, using its AN-124 aircraft, to transport outsized aircraft parts on behalf of Boeing Commercial Airplane Group. The applicant stated that because of heavy rainfall and flooding in south central Kansas shipment of the parts, which was already delayed because of supplier material shortages, could not go by rail as originally scheduled, and that in order to assure that Boeing can meet aircraft delivery commitments transport of the parts by air is required.

Applicant representative: Lester Bridgeman (334) 432-1414

Responsive pleadings: Heavylift-VolgaDnepr served its application on those U.S. carriers operating large all-cargo aircraft. Each carrier indicated that it did not have aircraft available to conduct the proposed operations, and that it had no comment or did not oppose grant of the requested authority to Heavylift-VolgaDnepr.

DISPOSITION

Action: Approved

Action date: November 4, 1998

Effective dates of authority granted: November 5-8, 1998

Basis for approval: We found that the application met all the relevant criteria of 49 U.S.C. section 40109(g) for the grant of an exemption of this type, and that the grant was required in the public interest. Moreover, based on the representations of the U.S. carriers, we concluded that no U.S. carrier had aircraft available which could be used to conduct the operation at issue here. We also found that grant of Heavylift-VolgaDnepr's request would prevent undue hardship to Boeing.

Except to the extent exempted/waived, this authority is subject to standard exemption conditions and to the condition that Heavylift-VolgaDnepr comply with an FAA-approved flight routing for the authorized flight
